Pay day did not make things quite so lively as usual over at Central last week. There was not such a large sum of money disbursed as usual.

A car load of mining machinery came in last Friday afternoon on the passenger train. It was ordered before the drop in the price of silver.

The rains have done considerable damage to the Silver City and Northern railroad within the past ten days. There was considerable trouble on this road during rainy season last year.

Old residents say that the rainy season this year is starting in like that of 1881 when the heaviest rains fell that have been known here for many years. The rain fall for this month so far is considerably above the average.

Heavier rains are reported on the up soft in places that cattle cannot venture on it with safety.

There will be a good opportunity for somebody to make a neat little sum cutting hay a few weeks hence on the bottoms where there have been heay rains. Native hay makes good feed and there is turned. She expects to go east soon. alway ready sale for it.

Are You Well Equipped with Clothing? If you are not, we are. The difference between us is this: You haven't enough, and we have too much. It's a condition of things which shouldn't exist; it's a trifle one-sided, and there ought to be a distribution to equalize matters. See if we can't come to terms. All that can possibly stand in the way is the matter of price. That isn't an insurmountable obstacle. Have you figured out what you can afford to pay? Have you figured up what you think you ought to pay? If you have, no matter has been your standard or the property of t how low your estimates are, we think we can go below thom.
